

Proper Radio Communication and Phraseology

Communication is of paramount importance in aviation. If a communication is misunderstood, incorrect, or garbled, even the simplest message can lead to a lapse in safety. The goal of all communications is to provide unambiguous, correct, and current information and clearances to pilots and controllers. Please join us as Joe leads us through a discussion about how communication and phraseology can make us safer pilots.

Directions: From Orlando area take Hwy 441 north thru Apopka toward Zellwood. 3 miles past Plymouth turn left into airport located along 441
From Mt. Dora area take Hwy 441 south thru Zellwood drive past airport on right to first right turn into airport entrance

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
